

## Introducing the Business Executive Club at HSUHK

The Business Executive Club at HSUHK is a forum for business practitioners who enjoy networking and exchanging views on the very latest of business development trends. The Business Executive Club will provide a platform for you to connect with one of Hong Kong's largest business schools, consisting of a vibrant community of some 3,500 students, around 100 faculty members, as well as many business leaders who are affiliated with us as our advisors, adjunct faculty, mentors and guest speakers. Through the Business Executive Club, we will offer a series of bi-monthly Masterclass events to our supporters.

### School of Business

The School of Business is devoted to providing quality business education by our commitment to follow HSUHK's unique "Liberal + Professional" approach to learning. Liberal, as we aim to nurture innovative young people, through offering a broad base curriculum that provides student exposure both within their discipline and across the liberal arts. Professional, in terms of distilling our strong links with industry, commerce and professions in order for students to become responsible citizens and well-equipped to enter the knowledge-based workplace and society. Our faculty members mainly consist of doctorate qualified academics and/or industry practitioners who are recognised experts in their field. They all share a high degree of enthusiasm and are committed to supporting students to reach their potential as tomorrow's business leaders.

### Support

Donations from individuals and companies are invited to support our Business Executive Club and the future development of the School of Business.
