In 2019 our annual conference was successfully staged in Cebu, the Philippines. At that time no one would have thought that this would have been our last face-to-face conference for several years. Now, almost three years on, the world is still grappling with the latest variants of Covid 19 and their impact on international business. It is estimated that global foreign direct investment diminished by over 40% in 2021 alone. Indeed, the virus has forced companies to search for new ways to survive and succeed. Those equipped with proactive, innovative, and carefully managed risk-taking behaviour are likely to stay afloat and may even grow in such turbulent conditions.

In the volatile, uncertain, complex and ambiguous environment, it is critical for multinational enterprises (MNEs) to integrate, build and reconfigure internal and external resources and capabilities to cope with the rapidly changing competitive landscape. Specifically, MNEs need to build resilience by rebalancing global value chains.

Moreover, the Covid-19 crisis has presented unique opportunities for international businesses that have engaged and invested in digitalisation. It is expected that the role of digitally enabled internationalising businesses i.e., born digitals has become more prevalent during the pandemic and this trend is likely to continue in the near future. It is therefore timely for international business practitioners and scholars to learn more about firms' digitalisation, and how this may contribute to the sustainability of international business ventures.

At AIB 2022 Asia Pacific Conference, we seek to shed light on resilience, risk management, and sustainability of international business operations under the current harsh conditions and beyond.

2019 年，我们的区域年会在菲律宾的宿务市成功举办。当时没有人想到，这将是未来若干年最后一次面对面的年会。近 3 年过去了，除了其他外部冲击，世界仍在应对新冠病毒的最新变种。全球商务领域受到严重的干扰。据估计，仅 2021 年，全球对外直接投资就下降了 40% 以上。在全球范围内，那些具备主动态度、创新精神及谨慎管理风险能力的企业往往具有很强的韧性，能够在动荡的时代保持生存甚至进一步发展。

在多变、不确定、复杂且模糊的环境中，为应对快速变化的竞争格局，跨国企业整合、构建和重新配置内部和外部资源和能力是非常重要的。具体来说，跨国企业需要通过重新平衡全球价值链来建立韧性。

复杂多变的环境为跨国公司投资和利用数字化提供了独特的机会。事实上，在新冠大流行期间，数字化国际商务运营已变得普遍，在可预见的将来，数字化转型可能会持续。因此，对于国际商业学者和实践者来说，研究企业数字化，并探讨如何在全球范围内促进企业的可持续性恰逢其时。

在 2022 年 AIB 亚太会议上，我们将探索在当前及以后的艰难条件下国际商业运营的韧性、风险管理和可持续性。
